

Adrian Kotyra

Web Developer

Profile

My name is Adrian. I am a student of Web and Software Development at Edinburgh College.

I love programming, weightlifting, and self-development. In the future I see myself working as a Web developer.

Currently I work on my React.js and php skills and I look for an junior/entry position as a web / frontend developer.

I code in HTML, MYSQL, CSS, Javascript, AJAX, SQL, JQuery, React.js, PHP and Python.
